Wirral Slotcar Racing encourages Slotcar Racing as an activity for all children as an exciting fun experience in a safe environment. As such, there are inherent risks that are always associated with children playing and having fun together. These include children being exposed to moderate tripping, falling and bumping into each other. We have taken every reasonable step to control these risks through design, maintenance and operation of the facility. However, it is impossible to eliminate such risks completely whilst providing a stimulation environment and parents/guardians must recognize and accept these risks.
